

VARIO Power Supply Units

The VARIO series of Power Supply Units (PSU) is purpose designed to correctly power all VARIO illuminators including VARIO IP, and provides a platform for the easiest, quickest and safest wiring and installation.

As a full product family, there is a PSU to power any VARIO illuminator. The VARIO PSU requires a 100-230V AC input and provides 24V output. 20W, 50W, 100W and 150W PSU options are available.

With multiple outputs, installers have the ability to power multiple VARIO illuminators from a single PSU (medium, large, and x-large size PSU only). The VARIO PSU also provides CAT5 connectivity for VARIO IP network illuminators (medium, large, and x-large size PSU only).

Each PSU features a 'Fast-Connect' wiring terminal for quick and easy wiring of all VARIO input and output connections, including telemetry input and photocell following output. White-Light LED status indicators are also provided on all fused outputs to indicate the correct voltage and to provide support illumination during wiring.

The VARIO PSU has a high quality IP66 aluminium enclosure making it suitable for all environmental conditions. It also features convenient automotive blade output fuses allowing for fast and easy sourcing and replacement if required. The Slowblow input fuse can also be easily replaced without disconnecting the mains input, for easier and safer installation and maintenance. The VARIO PSU series is suitable for all VARIO low voltage lighting installations.

Features

Powerful

- Powers all VARIO illuminators including VARIO IP
- Powers multiple VARIO illuminators from one PSU

Flexible

- CAT5 connection for VARIO IP (medium, large, and x-large only)
- 'Fast-Connect' easy wiring for all VARIO input and output connections
- Internal illumination for night time installation

Reliable

- High Quality IP66 Aluminium Enclosure
- Automotive blade output fuses fast and easy sourcing and replacement

Controlled

- Provides correct power for all VARIO illuminators
- Slowblow input fuse replaceable without disconnecting mains input
- Status indicators signify correct voltage

PSU-VAR-20W-1 (small)

PSU-VAR-50W-2 (medium)

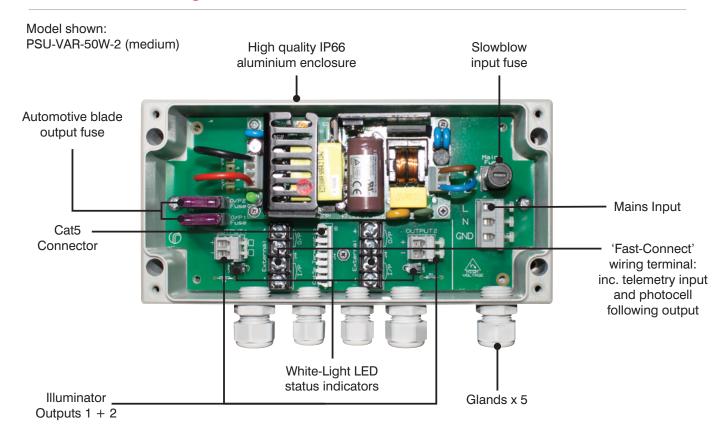

PSU-VAR-100W-2 (large)

PSU-VAR-150W-3 (x-large)

VARIO PSU Diagram

Features	Benefits
Purpose designed PSU for VARIO illuminators	Provides correct power and provides easy wiring and installation
A full family of VARIO PSU's	Can power any VARIO illuminator
Multiple outputs (available on medium, large, and x-large model)	Ability to run multiple VARIO units from a single PSU
Cat 5 connector (available on medium, large, and x-large model)	Easy CAT5 connection for VARIO IP illuminators
'Fast-Connect' Wiring	Robust terminal for fast and easy wiring of all input/output connections
White-Light LED status indicators	To identify correct output voltage and provide support illumination during installation and maintenance
High quality IP66 aluminium enclosure	Suitable for all environmental conditions
Automotive blade output fuses	Fast, easy sourcing and replacement
Slowblow input fuse	Can be replaced without disconnecting mains for easier and safer installation and maintenances.

Technical Specifications

	PSU-VAR-20W-1	PSU-VAR-50W-2	PSU-VAR-100W-2	PSU-VAR-150W-3
Illuminators (standard)	1x VARIO 2 series plus aux output (max 8W)	2 x VARIO 4 series	2 x VARIO 8 series or 1x VARIO 16 series	3 x VARIO 8 series
Other Illuminator options		4 x VARIO 2 series*	4 x VARIO 4 series* 8 x VARIO 2 series*	1 x VARIO 16 series* 6 x VARIO 4 series*

^{*}Please note: for medium, large and x-large PSUs powering an increased number of VARIO illuminators, the total power of the illuminators must be equivalent to the PSU max output - illuminator output cables may also need to be commoned together to suit the number of available glands.

Mixed model sizes of VARIO illuminators can be powered from the same PSU e.g. PSU-VAR-50W-2 can also run 2 x VARIO 2 series and 1 x VARIO 4 series

PSU-VAR-100W-2	VARIO PSU - 24V, 100W, 2xO/P for 2x8 series VARIO illuminators
PSU-VAR-150W-3	VARIO PSU - 24V, 150W, 3xO/P for 3x8 series VARIO illuminators

3 YEAR WARRANTY

All Raytec power supply units are provided with a 3 year warranty. Raytec power supply units are IP66 rated, robust and highly durable for long life and operation in all environmental conditions.
