S300

ALL IN ONE
SOLAR LIGHT

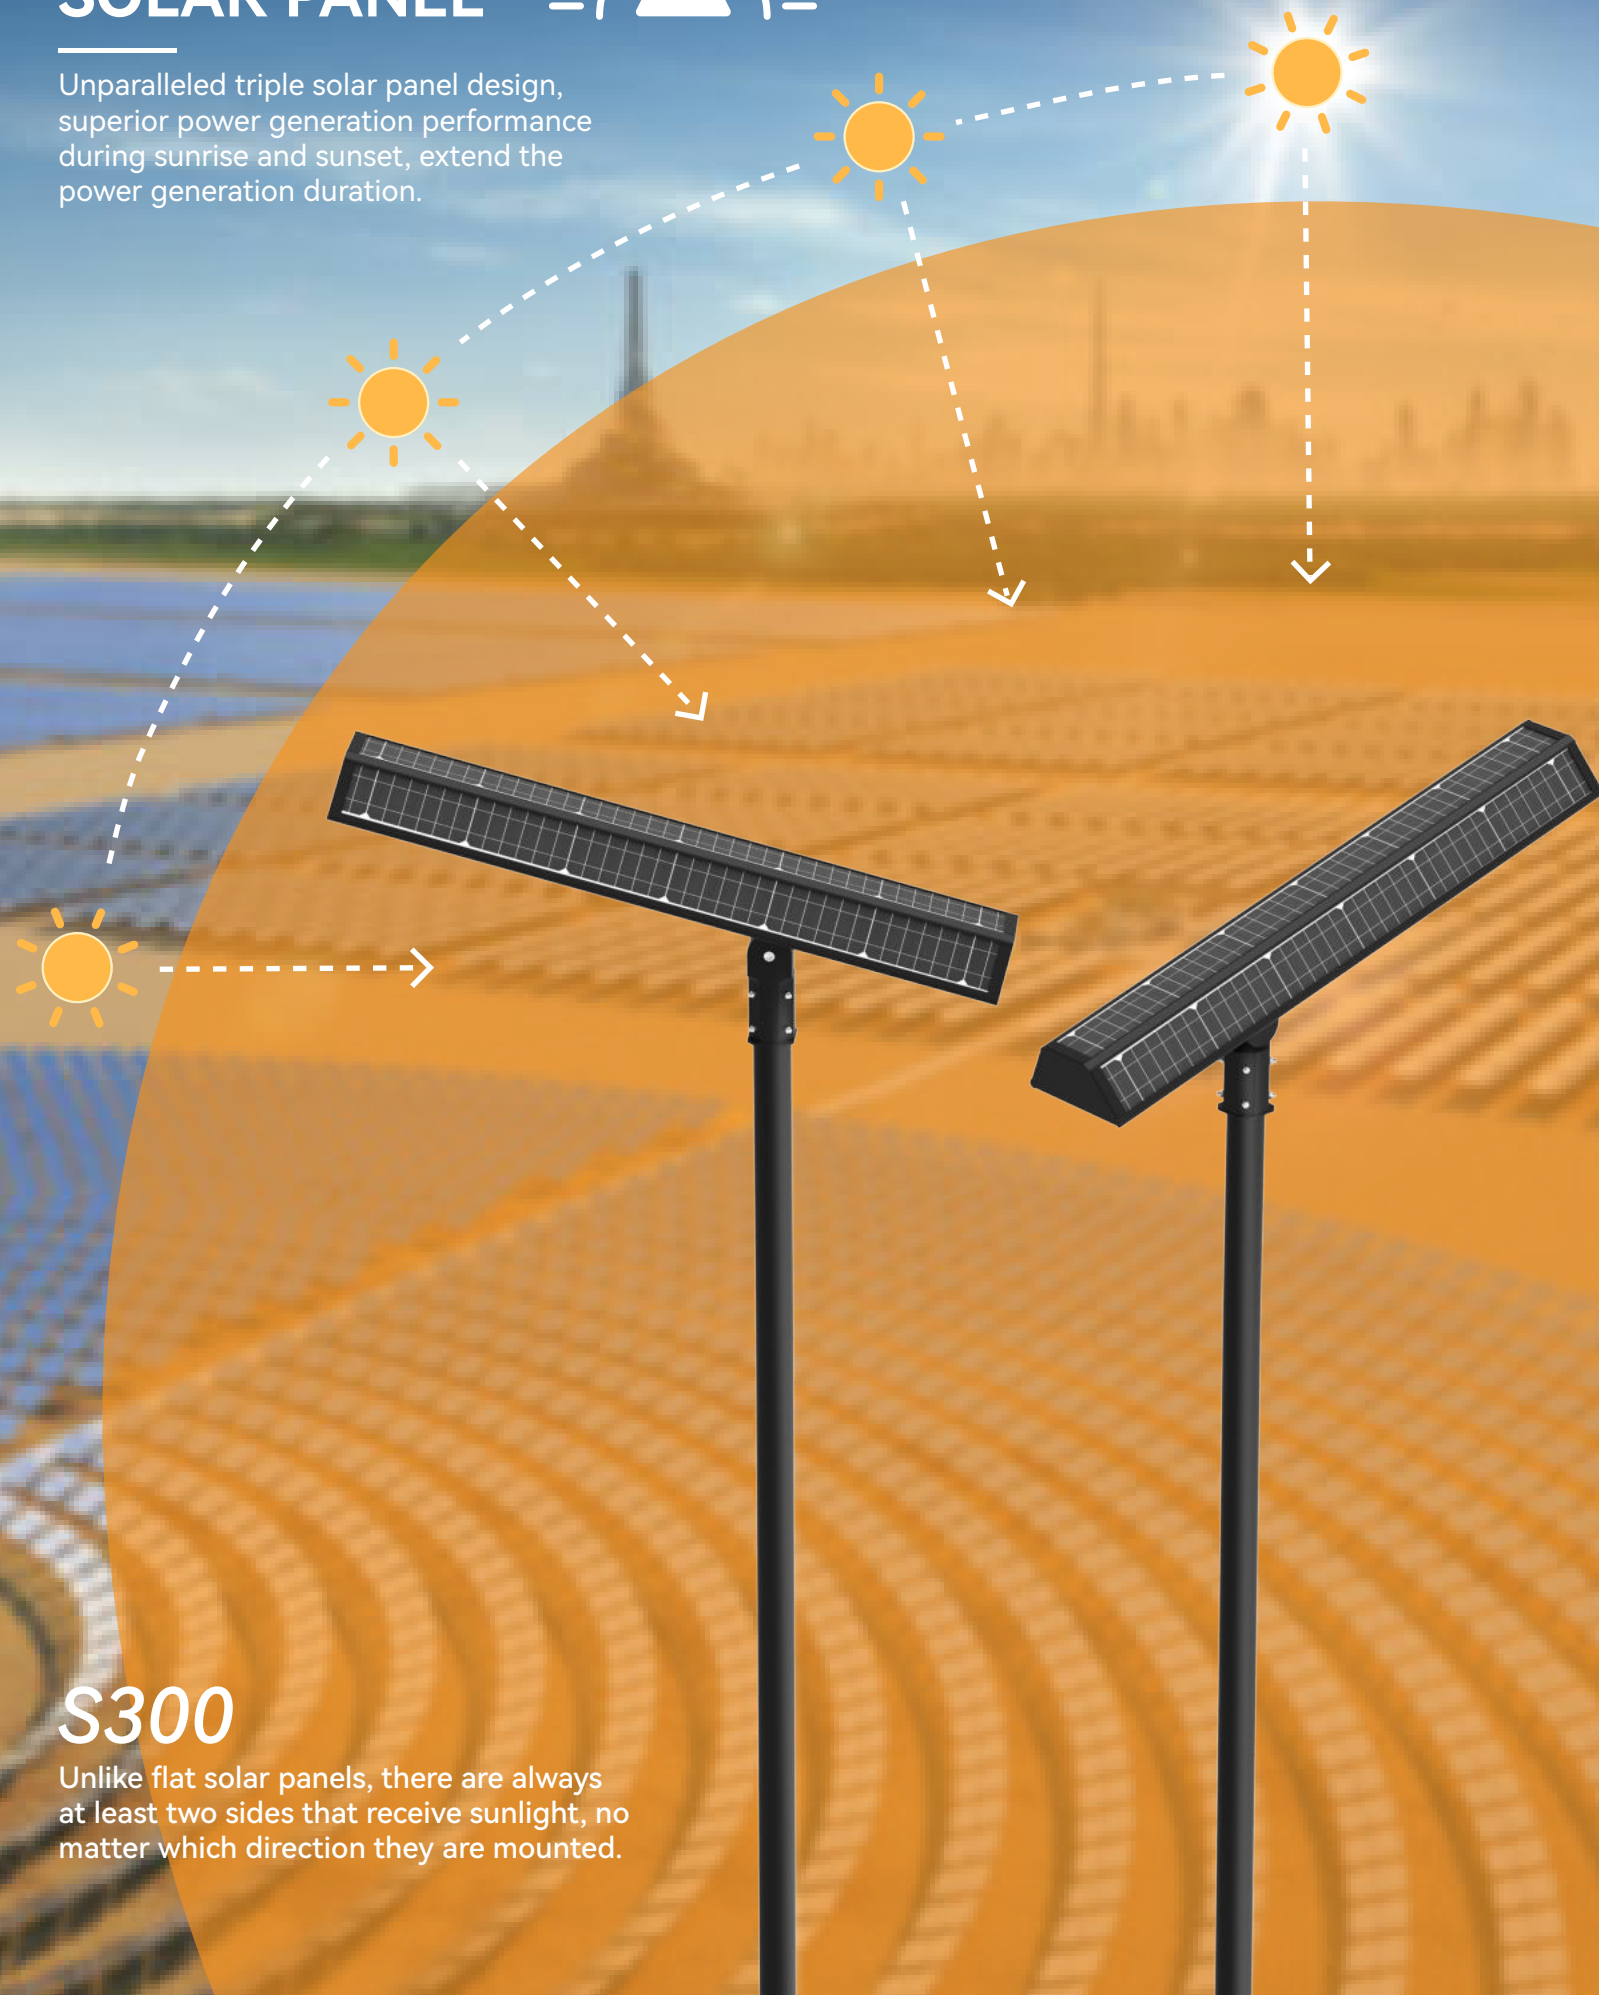

www.co-ming.com

TRIPLE SOLAR PANEL

Unparalleled triple solar panel design, superior power generation performance during sunrise and sunset, extend the power generation duration.

S300

Unlike flat solar panels, there are always at least two sides that receive sunlight, no matter which direction they are mounted.

Timing
Adjustment

Motion
Sensor

Programmable
Working Mode

INTELLIGENT ILLUMINATION INTENSITY ADJUSTMENT

* Under different sunshine conditions, the performance may have significant difference.

Lumens
100%

TYPICAL WORKING MODE

Monocrystalline Solar Panel

Up to 24.7% theoretical conversion efficiency, 1.3 times more polysilicon solar panel.

Asymmetric Optical Lens

Professional light distribution design, delivers a wide range & uniform lighting.

Arc bracket rotatable $\pm 90^\circ$

Rotatable Spigot

Graded spigot, installation & maintenance friendly

WHAT MAKES S300
A TOP-TIER SOLAR
LIGHT?

New Generation Of MPPT Controller

More efficient and stable, the core component to ensure the long-term stability of the solar light.

LiFePO4 Battery

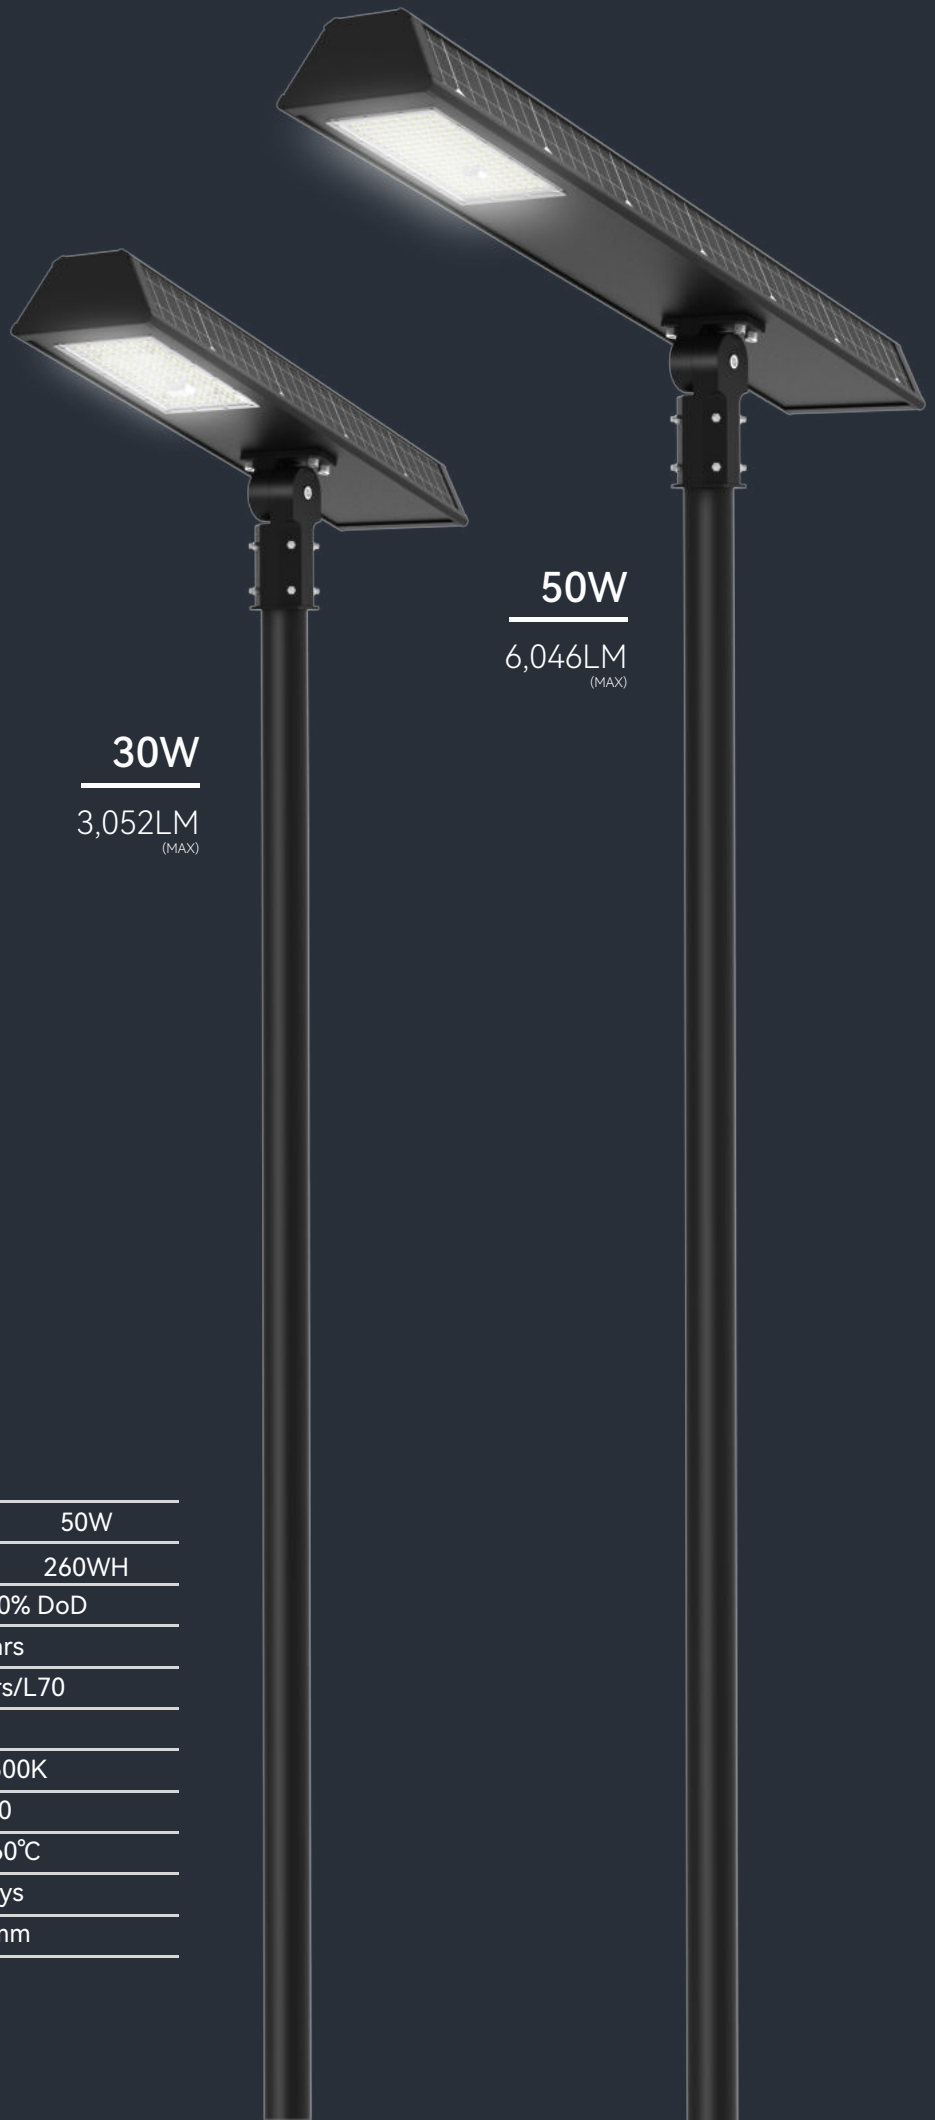

Safer, longer lifespan & better high/low-temperature performance, more than 1000 circles.

Three-Dimensional Solar Panel

Compared to a flat solar panel, it provides a larger PV surface for the same lamp volume.

30W
3,052LM
(MAX)

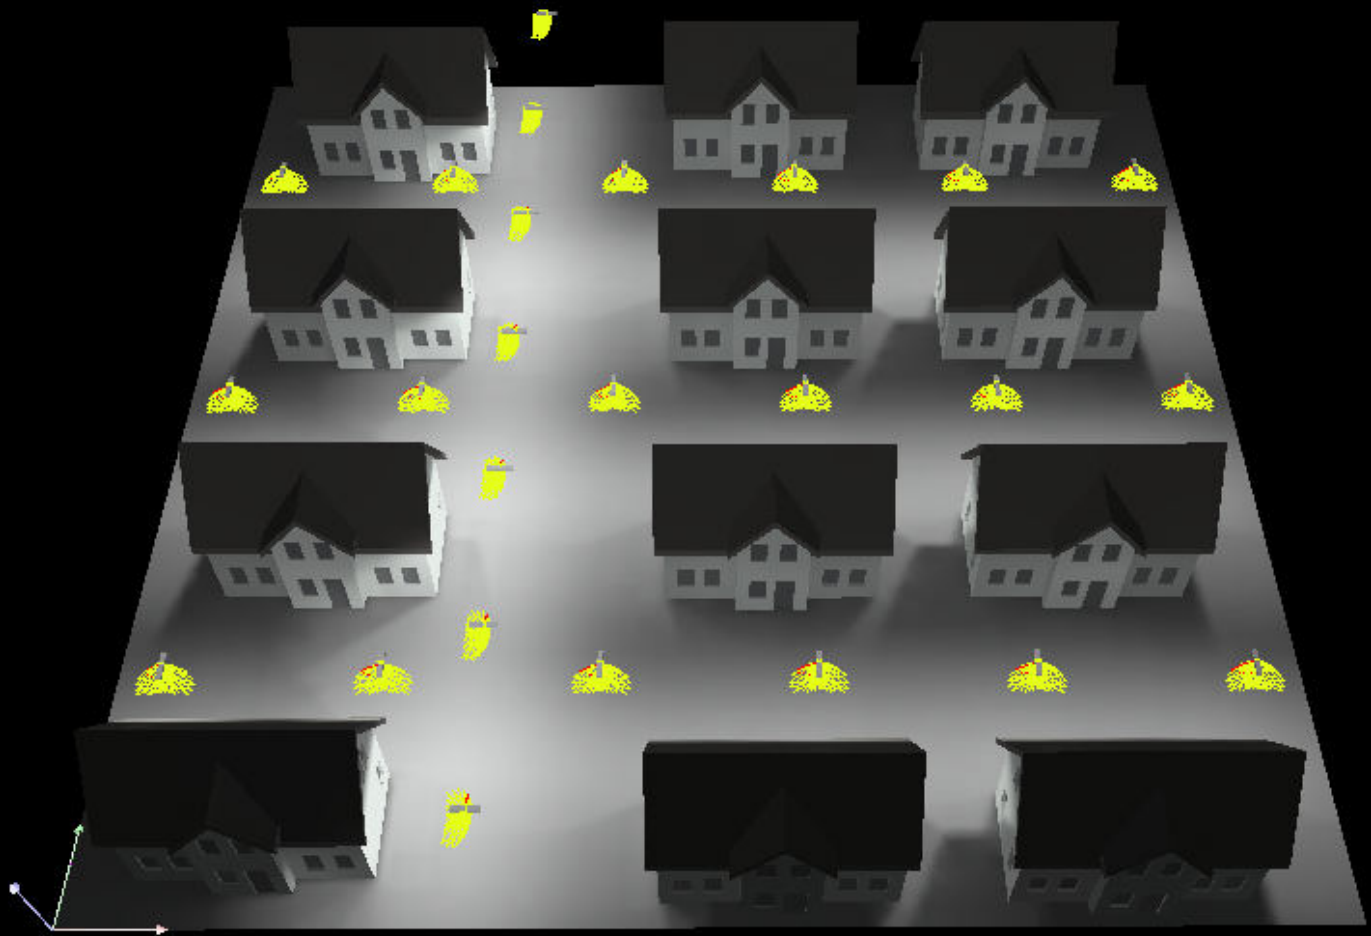

50W
6,046LM
(MAX)

Parameters

Solar Panel	30W	50W
Battery Capacity	160WH	260WH
Battery Service Life	7 years at 70% DoD	
Solar Panel Service Life	20 years	
LED Lifetime	153,135hrs/L70	
IP Grade	IP66	
CCT	2700-6500K	
CRI	Ra>70	
Operating Temperature	-20°C~60°C	
Working Time	3~5days	
Spigot Diameter	60/80mm	

Bat Wing Light Distribution

Professional ambient lighting solution, makes a green and comfortable community.

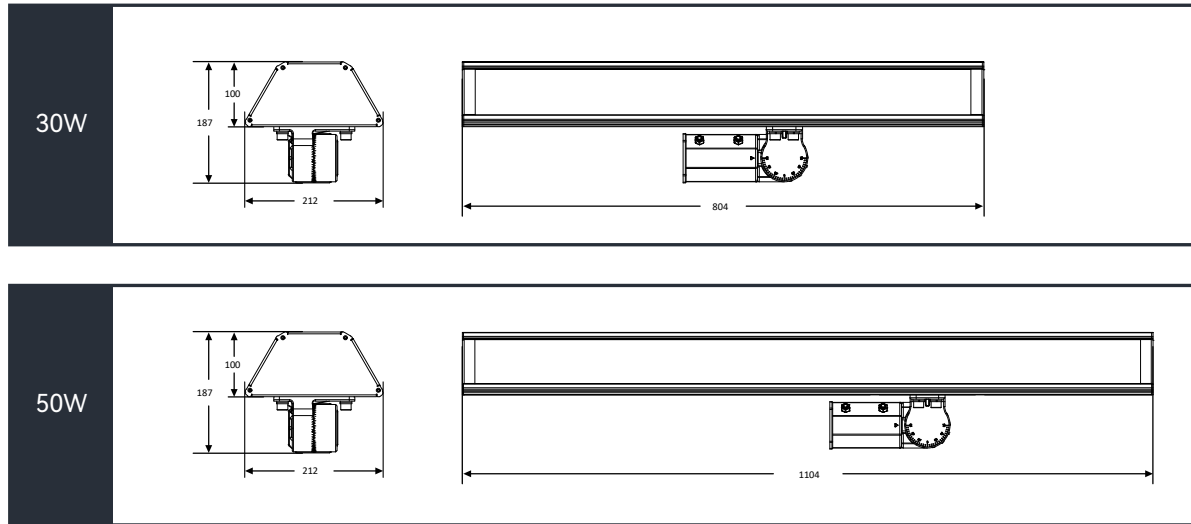

Application

Car parks, sports field, road, parks, street, highways, community and other similar outdoor applications.

Size(mm)

Packing
